City Sewage Treatment Acceptable

Willard E. Bosserman
County Extension Natural
Resource Agent

Old Cliff, Grayling City
sewer, reported to the AuSable
River Watershed Study Com-
mittee Tuesday that their sewage
treatment plans are acceptable
to the Michigan Department of
Natural Resources. The plans
include the chemical treatment
method used at Grayling last year.
The chemical removed 90 per
cent of turbidity, an average
of 72 per cent of phosphates
and 50 per cent of B.O.D.
(biological oxygen demand).

The city further plans to in-
stall a secondary trickling sys-
tem when money becomes avail-
able, which will take out con-
siderably more B.O.D.
It is believed when the Dow
chemical system is installed, it
will actually take out much more
than phosphates.
The progressive City Council
continue to seek new and
better ways of treating waste
water. They hope, some day,
to remove 100 per cent of nutrients
from the water by still undiscovered
methods. The Dow Chemical
plant is considered an economic
breakthrough in waste
treatment and was pioneered at
Grayling.

It was learned that the Water
Resources Commission, division
of the Michigan Department of
Natural Resources, has not yet
made a determination on the
treatment process. It was thought
that the report would be reviewed
at a March meeting.

The people of Grayling hope
the water resource commis-
sion would accept the pro-
posed plan. The commission
will make a determination on the
treatment process. It was thought
that the report would be reviewed
at a March meeting.

Plans Made For Girl Scout Birthday

A program is being planned especially for local people, giving them their first opportunity to see what progress Girl Scouting is making in Grayling. On Sunday, March 10 from 6:00 to 7:00 p.m., there will be displays at the Grayling Elementary School duplicating those taken to the Girl Scout fair in Alpena. There will also be a program in which the Brownies, Junior Scouts and Cadettes will participate.

The Girl Scouts hope all will come to help make the first appearance of the Grayling Girl Scouts together a big success.

On Feb. 28 the Cadette Girl Scouts met at St. Mary's hall. On Feb. 24 we went to Alpena for the Girl Scout fair. The Girl Scouts are very sorry that Girl Scout is no longer with us but we do have seven new members.

We were presented with the American Flag by the American Legion Post and Auxiliary Unit 106.

Reported by Lois Kent

In accepting the check Sister Janice thanked the Kiwanians in behalf of the entire community, and stated they should feel real proud for their efforts in attaining this much needed equipment.

She explained the different parts of the machine and told of their uses.

The Crash Cart is at the hospital now and will be in service in a very short time. Sister Janice stated that there would be no charge to anyone who has need of using it.

The Kiwanis Club began their drive for money to purchase the Crash Cart in October of 1967 and met their goal this past week. \$4,100 was raised through the selling of no par value shares to individuals and businesses.

Who Runs the Government?

In writing on our form of government, the and, Oregon, Journal has expressed some ideas which many thoughtful persons will agree. The Journal described a situation editorially which the lives and businesses of every individual. The Journal in part: "Who runs our government? The question is one of mounting concern. The nation as a disturbing answer begins to focus. To a growing degree it is not elected officials who operate the governmental machinery, but the hired hands entrenched in a bulky bureaucracy. Especially this is true of the federal government, but it is also a growing problem in state governments."

The Capitol Hill newspaper, Roll Call, contends that Congress is slipping in its role in check and balance system. The newspaper questions that Congress really controls the purse because the money it appropriates is spent by bureaucratic agencies. "Elected by no one and effectively responsible to no one," Roll Call says, "the bureaucracy has become a challenge to democratic values which few have come to understand."

In conclusion, the Journal said, "Certainly, it would be better to make an attempt to save government, by and for the people than to surrender it to the army of bureaucrats they employ."

Minerva Armstrong of Houghton Lake, Violet Burns, Laura Kopycka and Wilma Case of Grayling.

The focus was on how economics, interpersonal relationships, heritage, political aspects, and the international dimension fit into their club program. Ideas were exchanged with leaders from every Michigan county.

The Right Reverend Monsignor Hugh Michael Beahan of Aquinas College, noted speaker from Grand Rapids, spoke to the leaders on "Challenge of Citizenship in a Changing World."

This annual event recognizes leaders for the support they are giving the Michigan program.

The State 4-H Leadership Conference is conducted by the State 4-H Youth Council and the 4-H Youth programs division of the Cooperative Extension Service with the assistance of the 4-H Club Foundation of Michigan.

Moose Lodge News

The nominating committee meets this Friday, March 8th to nominate members for office for the coming election to be held the first Friday in April. If you wish to be nominated, please put your name on the sheet under the office desired. Anyone not nominated must run on a petition to be elected to an office, so have your name in by this Friday evening. The lodge has an electric range to give away. It's in good shape and anyone needing one may contact Gov. Art Stephenson at the Chevrolet Garage or at the Club.

We would like all members who have taken stuff home in bowls from the kitchen, to please return the bowls if they haven't already done so. We need them very badly.

We have live music on Saturday nights. Music is furnished by Dick Johnson, Don Bancroft, Dick Merrill and Bill Holzman. Have you seen the new lighting effects on the Bandstand? Credit it for it goes to Dick Johnson.

The lodge has representation in the State Bowling Tournament again this year, but we're not sure yet if the Degree Team will be representing Grayling at State Competition at Saginaw this year. There will be more details later. A meeting of the degree team is planned for Wednesday evening, March 6.

The March enrollment will be performed March 23 at 8:00 p.m. by our own Degree Team. It will be in honor of Alfred Hanson.

At the lodge meeting Friday evening, final action on installation of our new furnace was tabled until our next regular meeting. We would like a large turnout for this meeting to get ideas from members about it. Also the nominations will be announced. We all have a responsibility to our lodge, so let's all take some kind of active part. A lodge can only be as active as its members. It also creates more interest and results in a better lodge. Let's settle for nothing but the best!

WOMAN'S CLUB

Monday night was fun night for Grayling Woman's Club members. In a short business meeting reports were made by secretary, Mrs. Thomas Haugh, and treasurer, Mrs. Lyle Johnson. President Sal Truettner suggested a spring rummage sale, and it was agreed to hold this sale on Friday, April 28.

On April 1 the Singing Vikings will perform at the clubhouse and members are free to bring guests.

At this point seriousness resigned and nonsense took over, directed hilariously by Mrs. Evertson Williams, Mrs. J. Forbes and Mrs. Carl E. Johnson. The evening wound up with refreshments offered the laughter-weakened ladies by hostesses Mrs. Art Carlson and Mrs. Jack Wainscott from a table tastefully decorated with newspapers, tin cans and paper service.

TWILIGHT TWIRLERS

The Twilight Twirlers will be starting new classes within the next few weeks. Notes have been distributed at the Elementary School which are to be returned to the office by March 8. Any one desiring to march with the Twirlers this summer in any parade will have to join a group now, as this will be the last opportunity before summer parades, leader Mrs. Lippard stated. The senior unit is made up of seventh grade girls and up. Practice has begun for a recital to be held the middle of April. The girls' first parade is the end of April. They are also working towards a trip to Macinac Island. Projects have started for funds for staying over longer there. This will be the 5th year they have gone to the island, and their 5th year at the Trout Festival in Kalkaska.

A bake sale is being planned for Saturday, so look for it. Funds are to be used for more uniforms and to add to the summer activity fund. Four more uniforms are needed.

AUSABLE SWINGERS

The Ausable Swingers held their regular dance Saturday night. There was a small crowd, but we had a lot of fun. Our own members don't show up too well, but we have visitors every month. This month they came from Harrison and Rose City.

Next month, April 6th, we will have guest caller Gordie Lindland from Big Rapids. He is very good, folks, so come out and have a ball!

Dagmar San Cartier, Secy.

LETTER OF INTEREST

Dear Mrs. Longworth and everyone who helped me out so much: I want to thank you for the warm atmosphere and red carpet you laid down for me and all the girls. I will be proud to be sponsored by Grayling and will do my best to make you proud of me. Thank You, Sandra Ritzke

4-H NEWS

LET THE MESSAGE

Hot-Line To Those At Home

In this country, March is Red Cross Month, the period during which we salute and support the organization which contributes so much to the nation's welfare. But in Vietnam, as General William C. Westmoreland said recently, "every month is Red Cross Month."

"Serving our men on the battlefields here in Vietnam," he added, "the American Red Cross is a hot-line to the folks back home, an oasis in the heat of battle, and a comfort during hospitalization. Dedicated field directors work 24 hours a day alongside our fighting men."

Also among the 350 Red Cross workers on Vietnam duty there are hospital social work and recreation specialists, and 110 Red Cross girls who operate a growing fleet of clubmobiles and 18 popular recreation centers where the troops can get away from the war for an hour or two.

Through our own local Red Cross chapter, we support and are part of the vast network that provides these services in Vietnam and Korea, and to the men and their families here at home and in the 28 other countries where U.S. troops are stationed. The Red Cross aided one out of every three military men and one out of every two service families last year. Its accomplishments in helping disaster victims, providing blood for the ill and injured, and training millions in safety and good health practices were equally impressive.

This year the Red Cross faces a critical financial situation due to the increasing demands for aid to armed forces members and the continuing drain made by costly disaster relief operations. To serve the American people in 1968-69, the organization must raise \$121,624,000, its largest fund goal since World War II. During March, ARC chapters which have not yet reached their goals will be campaigning for funds. These goals must be achieved.

Aside from its other works of mercy, as General Westmoreland says, there is no better way we can aid our men on the battlefields than by supporting the Red Cross. It urgently needs a helping hand. Let's give it!

BUSINESS

WILSON HARDE

When the U.S. Vietnam war ends, the Rhodesia war is perhaps not the major task.

For it undoubtedly seems that at the core of the controversy in the Asian conflict is rampant confusion over the American foreign policy which has prevailed for some three decades.

On one hand, there is supposedly official abhorrence of non-democratic forms of government, yet there is no protest when a military junta takes over in Greece.

Over in C.W. Harde, the U.S. is getting its chrome from Russia which presumably is a great help to the communist economy giving it dollars.

In addition, as is well known, Russia has been quite active in supplying arms and munitions to the Viet Cong, and has not the aid it intends to do.

Thus, while the U.S. is not the most realistic of nations, Rhodesia is launching an assault on the United States—Rhodesia is considered to be the potential enemy, and yet it is a communist economy that is the import of chrome are enlarging.

It is said that there are no communist pages in Russian newspapers. Obviously for its Ivan and Olga do not need the "Dispatches from Washington" are often much more comical than any cartoons could possibly dream up.

The upshot of all this, as is well known, was for the United States to support the British on the subject of Rhodesia.

In a manner somewhat reminiscent of the happenings around Boston Harbor, Lexington and Concord, this small country decided to pull away from British rule. This did not particularly set well with the current socialist Labor government in No. 10 Downing Street in London.

Also Social Security Beneficiary Benefits

Beginning in 1968, the Social Security Amendments of 1967 will increase the maximum monthly benefit from \$1500 to \$1680 the amount of total earnings a social security beneficiary may receive in a year without any of his benefits being withheld. This provision applies to all beneficiaries under age 65 not to any person who is receiving benefits because he is disabled. (Special rules with respect to consideration must be given when people who are receiving benefits because of disability return to work.)

Due to the new earnings test, it is increasingly important that people of retirement age realize that they may be able to collect some social security benefits although they are still employed.

Sgt. Gingerick's Unit Wins High Honor

NORTH CHARLESTON, S.C. — Sergeant Clarence L. Gingerick, son of Mr. and Mrs. Clyde A. Koch of 901 Michigan Ave., Grayling, has been recognized for helping his unit earn the U.S. Air Force Outstanding Unit Award.

Sergeant Gingerick, an aircraft mechanic in the 437th Military Airlift Wing at Charleston AFB, S.C., will wear the distinctive service ribbon as a permanent decoration.

The unit was cited for achieving meritorious rating for distinguished service during a one-year period.

Factors which led to the unit being named for the award include development of a highly responsible airlift organization which maintained vital airlift routes essential to the United States overseas commitment to free nations in the world.

The sergeant was graduated from Grayling High School.

CHECK TAX FORMS BEFORE MAILING

Detroit, Michigan — Income tax refunds of 713 taxpayers in Michigan, who filed Forms 1040 and 1040A without correct Social Security numbers, are being held up in processing.

Even if the IRS is able to verify the correct number from Social Security Administration records, there is a delay in processing the refund. A. M. Stoepfer, IRS District Director, said.

If the IRS has to contact the taxpayer to obtain a correct Social Security number, which is vital in identifying the return for processing by computers, there is generally further delay, he said.

Other types of taxpayer errors are slowing IRS computer processing at the IRS Service Center in Cincinnati, Ohio, where Michigan returns are processed. Stoepfer noted Most of these errors occur because the instructions sent to taxpayers with returns are not being followed.

Up to last week, he reported 743 returns had been filed without the necessary signatures. These will have to be sent back to the taxpayers before refunds can be processed.

Mistakes in arithmetic, another common cause for refund delay, so far total 1,284 and returns where taxpayers have used the wrong tax table total 2,504.

The IRS Service Center in Cincinnati had processed 78,003 returns of Michigan taxpayers for a total of \$15,924,435, Stoepfer said.

CARD OF THANKS — A sincere thank you to all who remembered me while I was in the hospital.

Mrs. Malvina Hoover.
